

IN THE SPECIFICATION

Please delete the paragraph beginning on Line 3, page 4, and ending at line 10, page 4 in its entirety and replace it with the following amended paragraph:

Figure 1 is an exploded view of an endshield assembly 100 for an electronically commutated motor (not shown). Endshield assembly 100 includes an endshield 102, a control assembly 104, and a power assembly 106. Control ~~assembly 102~~ assembly 104 includes a control board 108, a plurality of transistors 110, a thermal pad 112, and a spacer 114. In one embodiment, spacer 114 is fabricated from nylon and extends between control board 108 and endshield 102. Spacer 114 helps to maintain a predetermined separation distance between control board 108 and endshield 102.
